Kadur District Board.

Resolution : -

The Board are grateful to Government for enunciating their policy of extending the Primary Education in the State with which they are in full sympathy but they feel that owing to the difficult conditions prevailing in the Malnad, this Board is unable to support in any way the levy of any additional cess that may become necessary by the introduction of this measure. The Board are also of opinion that the liability of the Local Authority should be limited to 25% instead of the proposed 40% of the total cost incurred over Primary Education in the District.

Hassan District Board.

" The Board have not had sufficient time to give a detailed opinion about the scheme and may seek a further opportunity of submitting their considered views, meanwhile the Board would like to express their opinion on the following matters: -

(1) Elementary Education should be strictly defined so as to avoid all possibly of funds raised for that purpose being diverted for other stages of education however laudible or necessary.

(2) The responsibility for for adequate provision for continuous education upto the standard of the present vernacular Middle Schools Examination should also be fixed in the Regulation.

(3) That the responsibility of the Govt. for providing adequate facilities for English Middle School Education should be recognised in the Regulation.

(4) That as the scheme cannot be given effect to without further addition to the resources of local bodies the Education Cess may immediately raised by the Regulation itself to a minimum of one anna in the rupee and only the responsibility for proposals for further financial needs may be left to the Local Bodies.

(5) The Board are of opinion that these matters are urgent and important to prevent lapse to illeteracy, to fix responsibilities definitely and to avoid unnecessary conflicts.

Mysore District Board.

Resolution : -

@ The Resolution of the Education Committee is approved, subject to the modification that the liability of the Local Authority may be limited to 25% instead of 40%

@ Resolution of the Education Committee

1. In considering the general principles the Committee observes that for reasons stated below the Bill does not provide for the adequate representation of the Dist. Bd. on the School Bd. and theDist. Bd. has not adequate contol over the administration of the School Bd.

(a) According to the composition of the School Bd. the Dist. Bd are entitled to elect from their own members only a (bare majority) of the total number of the members of the School Bd. The Chairman of the School Bd. will be a non-official nominated by Govt. The School Bd. Officer appointed on the recommendation of the School Bd. is subordinate to the School Bd.

(b) The burden of financing the scheme devolves upon the Dist. Bd. and that in order to find the ways and means forthis purpose the responsibility of imposing additional taxation by raising the present rate of education cess falls upon the Dist. Board. The Bill does not contain any provision empowering the Dist. Board to exercise any check over the actions of the School Board in respect of the administration of funds allotted to it under the management of Schools.

The Committee therefore resolves that the General principles of the Bill be accepted with the suggestions that the President of the Dist. Bd may be appointed Chairman of the School Board of the area where the Dist. Board is the Local Authority so that theDist. Bd. which is responsible for taxation may be adequately represented on the school board and exercise to its President sufficient control over the administration of the School Board.

Shimoga District Board.

Resolution : -

The District Board accept the principles contained in the Elementary Education Bill but this Dist. Board place on record that as regards all the finances reconsideration is necessary.

Tumkur District Board.

1. Approves of the resolution of the Standing Committee of the Dist. Board that the principle viz., the responsibility for the consolidation development and expansion of Primary Education be vested in the Local Bodies.

2. Approves that the local body will be (i) In City Municipality, the Municipal Council. (ii) In other areas the District Board; (iii) In District Headquarters and other towns with a population of 5,000 the Municipal Councils be declared the Localy Authorities for their areas.

3. Resolved that the administration of Primary School under each Local Authority should be vested in a Committee which will have a bare majority of members elected from among the members of the Local Authority. The President of the Dist. Board, being Ex-Officio Chairman of the Dist. Education Committee.

4. Resolved that the local authority may invest Municipal Councils which are not local authorities and select village panchayets with all or any of the powers of the Local control of Primary Schools.

1. Letter No.D.4277-92/Edn.196-28-9 dated 26-10-29 from the Development Secretary to Government forwarding for the opinion of the District Board papers relating to the Elementary Education Bill.

Resolution of the Education Committee Meeting held on 10-11-29.

"1. In considering the General principles, the Committee observes that for reasons stated below the Bill does not provide for the adequate representation of the District Board on the school Board and the District Board has not adequate control over the administration of the School Board.

(a) According to the composition of the School Board as defined in para 3 of the Bill, the District Board are entitled to elect from their own Members only a "bare majority" of the total number of the members of the School Board. The Chairman of the School Board will be a Non-official nominated by the Government. The School Board Officer appointed (para 11 of the Bill) on the recommendation of the School Board is subordinate to the School Board.

(b) The burden of financing the scheme relating to the expansion of Primary Education and the working of the system of Compulsory Education after it is introduced devolves upon the District Board also and that in order

to find the ways and means for the purpose, the responsibility of imposing additional taxation by raising the present rate of Education Cess falls upon the District Board. (Vide para 24 and 26 of the Bill). The Bill does not contain any provision empowering the District Board to exercise any check over the actions of the School Board in respect of the administration of funds allotted to it and of the management of schools etc.

2. The Committee therefore resolves that the General Principles of the Bill be accepted with the suggestion that the President of the District Board may be appointed Chairman of the School Board of the area where the District Board is the local authority so that the District Board which is responsible for taxation may be adequately represented on the School Board and exercise through its President sufficient control over the administration of the School Board.

Resolution- The resolution of the Education Committee is approved. Subject to the modification that the liability of the local authority may be limited to 25 per cent instead of 40 per cent.

The Board have not had sufficient time to give a detailed opinion about the scheme and may seek a further opportunity of submitting their considered views. Meanwhile, as it is stated that the bill will be considered at the next meeting of the Legislative Council, the Board would like to express their opinions on the following matters connected with the measure:-

(1) Elementary Education should be strictly defined so as to avoid all possibly of funds raised for that purpose being diverted for other stages of Education however laudable or necessary.

(2) The responsibility for adequate provision for continuous education up to the standard of the present vernacular Middle Schools examination i.e., of 6 years from the beginning should also be fixed in the Regulation.

(3) That the responsibility of Government for providing adequate facilities for English Middle School Education (total 8 years) should be recognised in the Regulation.

(4) That as the scheme cannot be given effect to without further addition to the resources of local bodies , the Education cess may immediately be raised by the Regulation itself to a minimum of one anna in the rupee and only the responsibility for proposals for further financial needs may be left to local bodies.

Subject No. 14.

Read:- Letter No. D. 4277-92/Edn. 196-26-9 dated the 26th October 1929 from the Secretary to Government of Mysore, Development Departments stating that Government - propose introducing a Bill showing the general principles of Elementary Education in the State and requesting the District Board to furnish their opinion on the proposed legislation.

Resolution:- The Board are grateful to Government for enunciating their policy of extending Primary Education in the State with which they are in full sympathy but they - feel that owing to the difficult conditions prevailing in the malnad, this Board is unable to support in any way the levy of any additional cess that may become necessary by the - introduction of this measure. The Board are also of opinion that the liability of the local authority should be limited to 25% (instead of the proposed 40%) of the total cost incurred over Primary education in the District.

Sir,

With reference to your letter No.D 5417-32 Edn. dated the 25th Novr. 1929 calling for the opinion of the Board on the Elementary Education Bill, I have the honour to state that the bill was considered by the Board in their meeting of the 25th inst., and that while they were in general agreement with the principles of the bill, they feel that the contribution from the Government to the Local Board should be a little more liberal so that Educational institutions may be established in every village Panchayat as contemplated and with this view they pray that the contribution from the Government and the Local Bodies be fixed at the ratio of 3 to 1 respectively and that the Chairman of the -- Education Board and the Educational Officer may be nominees of the Board.

2. Copy of their resolution No.4/8 is enclosed for the information of the Government.

I have the honour to be,
Sir,
Your most obedient servant,
